

## Do you love the arts?

Are you, or do you know, a student who's really into the arts?

Is it time for a creative challenge?

Did you know there's a public school designed to develop the thinking artist?

Perpich Arts High School is a **tuition-free public high school** for Minnesota high school juniors and seniors.

The Arts High School offers rigorous, college-preparatory academics with intensive coursework focused in **six art areas**: dance, literary arts, media arts (photography/cinema), music (voice and instrumental), theater (includes musical theater) and visual arts. At the Perpich Center for Arts Education in Golden Valley, MN, dedicated teachers inspire students to take risks, work hard, and develop their unique voice.

Students from outside the Twin Cities area can live in a supervised dorm, with plenty of guidance and support, plus exposure to the arts culture in the metropolitan area.

## Information Sessions across Minnesota!

Visit [perpich.mn.gov](http://perpich.mn.gov) for dates and locations.
