Project Name

SW MN Arts Council 2020-2021 Biennial Plan

Mission statement

The mission of the Southwest Minnesota Arts Council is to promote and encourage the development of the arts in the 18 counties of Southwest Minnesota.

Region – Background, demographics, other context for the plan

The Southwest Minnesota Arts Council serves as a source of funds and technical services which enable local organizations, educational institutions and individuals to sponsor and/or create and promote the arts in their communities. We value creativity, diversity, accessibility, integrity, learning, artistic quality, participation and advocacy.

SMAC’s 18 county service area includes Big Stone, Chippewa, Cottonwood, Jackson, Kandiyohi, Lac qui Parle, Lincoln, Lyon, Meeker, McLeod, Murray, Pipestone, Nobles, Redwood, Renville, Rock, Swift and Yellow Medicine counties. The SMAC region is the second largest regional arts council covering 12,066 square miles in the southwest corner of the state, bordering Iowa on the south and South Dakota on the west. The 2017 total population according to mncompass.org was 276,987. The largest towns are Willmar (pop. 20,008), Hutchinson (14,188), Marshall (13,860) and Worthington (13,430). Medium size towns include Litchfield (6,645), Glencoe (5,111), Montevideo (5,165) and Redwood Falls (5,031), Luverne (4,707), Windom (4,488) and Pipestone (4,102). Of 151 towns 138 have a population of less than 3,000. 73% are smaller than 1,000; 58% are smaller than 500. The Upper Sioux (pop. 982) and Lower Sioux (pop. 453) reservations reside within our region. Ethnic diversity is increasing in our region. Region wide we are 12.9% diverse – or identifying as nonwhite. 59.6% of Worthington’s residents are nonwhite. 44.9% of Walnut Grove (pop. 871) is Asian and over half of Milan’s population (pop. 400) is Micronesian. 33.4% of Willmar identifies as nonwhite. That is an increase of over 20% in Willmar alone since the 2010 census. Much of the region’s business is agriculture based. Health care institutions and schools are the largest employers in most of the region.

The Southwest Minnesota Arts & Humanities Council (SMAHC) was incorporated as a 501(c)(3) nonprofit organization in 1974. In September 2013 the SMAHC membership, at its annual meeting, approved a name change to Southwest Minnesota Arts Council (SMAC). This change was made to facilitate better communication about who we are and what we do with our constituents. At this point in our history the majority of our funding sources are restricted to the arts. Having humanities in our name and mission sent a confusing message since we were not able to support humanities programming. We also adopted a new logo, a new and more accessible website and increased our marketing efforts. SMAC has a proud history of promoting artists and arts activities throughout its eighteen-county region. Since its inception, SMAC has been supported by membership donations from individuals, businesses, organizations, schools, cities and counties, in addition to funding from the McKnight Foundation and the State of Minnesota through allocations from the general fund and arts & cultural heritage fund. Our membership revenue allows us to expand our budget beyond our State and McKnight allocations. Budget deficits can be covered with our unrestricted fund balance which is made up of unexpended membership revenue from previous years. It also allows us to address needs as they arise.

The organization is governed by an eighteen member board of directors (one representative for each of the 18 counties served) elected from the membership. The board is advised by grant review panels made up of knowledgeable experts from the region. SMAC board members and panelists help spread the word about SMAC’s resources, advocate for the arts, and serve as a conduit of information from their counties to the SMAC office. SMAC has three full-time staff positions.
Needs assessment process

SMAC conducted a variety of information gathering initiatives in 2018 and 2019 to ensure broad input into the priority setting responsibility of this regional arts council, including:

~ Input was solicited at each grant review panel meeting regarding our grant process
~ From conference attendees at the Annual Artist Gathering (12 surveys completed in 2018)
~ From conference attendees at the Arts Organization Summit (22 surveys completed in 2018)
~ Surveys were conducted via Constant Contact in August 2018 (80 surveys completed) and March 2019 (76 surveys completed). The surveys were sent directly to our database of approximately 3,500 people: grant applicants, arts advocates, SMAC members, schools, alternative learning centers, arts organizations, historical societies, libraries, community education, cities, chambers of commerce, State Legislators, SMAC annual celebration attendees, art teachers, media, grant panelists, arts-interested public who have asked to be included in our email list, people who have attended our workshops and conferences, and our newsletter mailing list. The opportunity to participate in the survey was also marketed via social media channels to the arts-interested public.
~ Additional input from grantee final reports, meetings with arts organizations throughout the region, informal conversations with constituents, constituent e-mail comments and historical reviews of SMAC programs and income history helped to shape our plan.

Needs Assessment Results Summary

Organizations:

- Need for financial support for art projects, general operations, equipment and facility improvements (in that order.)
- Need for paid staff.
- Need for opportunities to network with other arts organizations and access information.
- Need for board development training.
- Need to attract new audiences, volunteers and supporters.

Artists:

- Need for financial support.
- Need for opportunities to connect with other artists.
- Need for more galleries and performance spaces, opportunities to share their work with the public.
- Need for affirmation.
- Need for direct assistance with grant writing. “Overwhelming” is a term commonly voiced regarding our applications.
- Need for training on the business side of art (how to sell their art.)

Needs identified by constituents in general, not specifically artists or organizations:

- Need for advocacy for the importance of the arts, particularly at the local level.
- Public Art in our rural communities.
- Art classes – for youth as well as adults.
- Places for people to display their artwork. A safe place for people to understand/converse/share about arts from different cultures.
- Region-wide grant workshops; access to SMAC staff in-person around the region.
- Government acknowledgement of the importance of art as enriching their communities.
More arts teachers in the schools. [Although this is not something we are able to address with grants, we received many comments about the reduction and elimination of art teachers in the public schools and lack of budgets for art supplies and equipment underlining the need for more advocacy for the arts in schools and communities.]

Needs identified by board members, staff and grant panelists:

- Need for more applications from more diverse populations and projects reaching more diverse populations.
- Need for more diversified audiences.

Description of the planning process & [those involved]

SMAC invites constituents to participate directly in its planning and information gathering process through public meetings, written evaluations and assessments, electronic surveys of grant applicants and program participants, and constituent e-mail comments. See above section on needs assessment. [Region-wide audience]

SMAC Board full day strategic planning sessions are held annually; for this biennium they were held on January 13, 2018 and January 26, 2019. [Entire SMAC Board – up to 18 members]

The SMAC Grant Program Committee meets at least twice per year each spring (February – April) to do a deep dive analysis of each of our grant programs and bring change recommendations to the SMAC Board for decision. [6-8 SMAC Board members elected annually.]

The SMAC Executive Committee & Long Range Planning Committee meets annually in March to review our biennial plan and redirect as needed (in the interim year) or review and make recommendations for an upcoming two-year plan based on information received from constituents, state government, the MN State Arts Board and other regional arts councils. [Two committees consisting of 10 SMAC board members.]

The SMAC Board met on March 26, 2019 to discuss, revise and approve the preliminary Biennial Plan for fiscal years 2020 and 2021 pending additional input from a public hearing scheduled for April 23, 2019. The board may further revise the biennial plan as State funding information becomes available. [Public hearing attendance varies each year.]

After the public hearing, the final FY20-21 biennial plan will be submitted to the MN State Arts Board prior to the May 15, 2019 deadline.

Ongoing planning will continue throughout the next biennium as we evaluate our current programs and look to the future needs of the region and our capacity to meet those needs.

**SMAC Art Gallery**: 8 exhibits per year showcasing SMAC Individual Artist Grant recipients. The SMAC Art Gallery was developed in response to requests from artists for more exhibit opportunities in the region. Our goal is to provide increased access to the arts for the community and to provide increased exposure for artists. Performing artists, most of whom have received an artist grant, are showcased during the art exhibit receptions.

**SMAC Annual Meeting and Arts Celebration Event**: The SMAC Annual Meeting is held in conjunction with our annual celebration at a different location in the region each year. The event includes a celebration of the arts and
may include a fund raising event. Events are planned which showcase regional artists and arts activities. If possible, arts organizations and artist studios are encouraged to host an Open House prior to the evening celebration. The Prairie Star and Prairie Disciple recipients are honored at our Annual Celebration. Our goal is to connect artists, arts supporters, arts organizations, and arts advocates at an event that highlights and celebrates the arts in our region. This activity meets the need for advocacy, opportunities for artists and organizations to connect, encouragement and support for local arts groups and artists and access to information.

“Voices” Newsletter: SMAC’s newsletter by email includes information on grant programs, grants awarded, arts activities in the region, a calendar of events, a listing of opportunities for artists and arts organizations and articles of general interest on arts events and activities. Our goal is to increase awareness of the arts and arts activities in our region as well of inform the public of opportunities for funding, training and other resources.

Technical Assistance: SMAC staff is available as a resource for potential applicants and the general public. Assistance is provided via e-mail, phone and in person. Staff provides information and referrals to other sources of information on request. Staff host free grant webinars approximate 6 weeks prior to every grant program deadline. In addition, staff travels 4-6 times/year to host in-person grant workshops across the region. SMAC maintains a toll free telephone line to allow ready access to constituents. Staff is available to meet with local arts organization representatives to address specific concerns and provide assistance as requested throughout the region. SMAC maintains a limited resource library of books on fundraising, organizational development, planning, marketing, etc. SMAC has an extensive web site that includes SMAC programs, guidelines and deadlines, a regional arts calendar, an artist & arts organization registry, articles of interest, list of SMAC Board members, and current art news items. We are continually working to improve and update information provided on the web site. Our goal is to strengthen artists and arts providers’ capacity to succeed. Access to information, technical assistance for artists and organizations, encouragement and support for local arts groups and artists and opportunities for artists to connect with each other and for organizations to connect with each other have all been identified as needs.

Workshops and Conferences: SMAC conducts workshops and conferences annually to address specific needs of constituents. Two conferences are held annually: Arts Organization Summit and the Artist Gathering. Both offer education on topics including organizational development, board development, marketing, fund raising, arts & education, public art, career development workshops for individual artists, and networking opportunities for artists and arts organizations, and evaluation. These two annual conferences are free to attend in order to eliminate the barrier to access. An annual Artist Retreat is held at a central location in the region that appeals to all types of artists and allows for two-day immersion into hands-on classes and in-depth learnings. Additionally, SMAC hosts other arts-related learning sessions on current, pertinent topics such as ADA access; these are scheduled as issues arise affecting our region and constituents. Beyond learning events, networking opportunities may be scheduled for local artists and arts organizations. We continue to work with and encourage statewide arts organizations to plan workshops and meetings in our region.

Equity, Diversity & Inclusion: SMAC will actively connect with underserved constituents and communities. We will work to define and address barriers and issues of access. We will continue outreach to communities which have not traditionally been participating in our programs to better understand what their needs are, understand language differences in how we talk about the arts, and gain insight into how we might better serve those communities. Our goal is to address the need for more diversified audiences, both for SMAC and our constituent organizations.

Grant making and monitoring process

Grants are reviewed by grant panels made up of artists and arts advocates from throughout the region, representing a balance of areas of expertise, ages, geography and ethnicity. Panel recommendations are forwarded to the SMAC board for final action. In general, grantees receive 80% of the grant award on receipt of the signed grant contract and within 30 days of the project start date. The 20% balance may be claimed on approval of their grant final report which is due within 60 days of the project ending date. Further information on our grant making process can be found within our grant guidelines at [http://swmnarts.org/grants/](http://swmnarts.org/grants/) and in further details below:

--------------------------------

**General Grant Guidelines**

Fiscal Year 2019: July 1, 2018 through June 30, 2019

**Program Intents & Commitments**

Applicants must make the case that their project fulfills SW MN Arts Council’s program intent and one or more of its commitments.

SW MN Arts Council (SMAC) is committed to:

- Supporting artists and arts organizations in creating, producing and presenting high-quality arts activities
- Overcoming barriers to accessing high quality arts activities
- Instilling the arts into the community and public life in our region
- Supporting high-quality, age-appropriate arts education for residents of all ages to develop knowledge, skills, and understanding of the arts
- Supporting events and activities that represent the diverse ethnic and cultural arts traditions including folk and traditional artists and art organizations, represented in this region

The following projects and organizations are NOT eligible for SMAC grants:

- Applications that do not have an art focus.
- Activities of a for-profit project, organization, or business.
- Payment of costs for projects that will take place outside the geographic boundaries of the state of Minnesota. Must not use more than ten percent of the total grant award for costs related to travel outside the state of Minnesota, including performer, artist, or consultant travel. (Does not apply to Individual Artists receiving McKnight Foundation funds)
- Costs for relocating the applicant’s legal address/residence outside the state of Minnesota.
- Projects where funds are requested to account for deficits in projects or programs begun prior to the project earliest start date. In other words, payment of debts incurred before the grant activities begin or outside of the grant project scope of activity.
- Applicants with past due SMAC final (or other) reports.
- Applications where funds are to be used to match other SMAC grant applications.
- Requests for new building construction, purchase of real estate, or endowment funds.
- Fundraising events: Grant funding should allow projects to break even, not make a profit.
- Activities which are not open to the public. Projects must be inclusive and accessible in their process and/or final product, considering economic, geographic, and physical accessibility, as well as the cultural, racial, ethnic, age, and gender make-up of the community. (Does not apply to Individual Artists or youth grantees)
- Activities essentially for the religious socialization of the participants or audience.
- Activities that attempt to influence any state or federal legislation or appropriation.
• Applications submitted for the purpose of regranting, lobbying or scholarships.
• Projects that don’t provide timely promotion of the project throughout the SMAC region with use of the proper funding credit line and logo.

The applicant must not exceed 90% of the total project’s cash expenses in combined support from the Minnesota State Arts Board and the Southwest Minnesota Arts Council.

Application Assistance

It is always best to contact SMAC staff prior to submission of a grant application to determine grant eligibility. To request a review of your application prior to submission, contact staff at least two weeks prior to the deadline. A staff member will review the application, as time permits, for eligibility and completed requirements. Staff review does not imply that a grant request will be funded. Project quality, content, budget, and accuracy of an application are solely the responsibility of the applicant. Free grant writing assistance workshops are scheduled for organizations interested in applying to the SMAC grant programs. To sponsor a workshop in your area, please contact the SMAC office 507-537-1471, toll-free 800-622-5284, or e-mail info@swmnarts.org to make arrangements for a workshop.

Grant Review

1. SMAC staff reviews the application for accuracy, completeness and eligibility. Only eligible, complete applications will be forwarded to the grant review panel. Grant applicants may not discuss their application with SMAC panelists or board members following the grant deadline until after the board has acted on the application. Communication regarding an application with SMAC board or panelists during this time will result in the application being ineligible for funding consideration.

2. A grant panel reviews all eligible applications based on the criteria for the grant program. See program guidelines for specific criteria. Panelists are chosen for their knowledge and expertise in the arts and nonprofit management, and their ability to interpret the guidelines and review criteria equitably and fairly to each application. Geographic representation, ethnicity, and gender are also considered to ensure the panel reflects the diversity of the region. The time and location of the panel meeting will be posted on the SMAC calendar at www.swmnarts.org. SMAC operates in the spirit of the State of Minnesota open meeting guidelines. Applicants are welcome to attend the meeting to hear the panel deliberations and proceedings. Interaction between applicants and panelists is not allowed.

3. Board and panel members with a conflict of interest in regard to a specific applicant or project declare such and abstain from comment and rating of that application.

4. The recommendations of the panel are submitted to the SMAC Board of Directors for final approval. Grants will be awarded in ranked order to applications meeting the criteria, to the extent of funds available. If funding is limited, and the scores of applications near the cut-off point are within 2%, additional considerations will be applied in the following order: artistic merit, first time grantees or final report history, equity (such as native, immigrant, or elderly populations), and geography.

5. All applicants will receive email notification of acceptance or rejection after final review of the application by the Board of Directors.

6. If the application receives partial funding, a revised project description and budget must be submitted within 30 days of notification.

Appeals Policy

Any applicant who can show cause that established grant review procedures were not followed, or can show that the policies of the program are not equitable to all applicants, may file an appeal in writing, within ten (10) days of notification of the Board’s decision on that application. There is no right of appeal to dispute decisions in regard to each program’s respective criteria. Contact SMAC at 800-622-5284 or 507-537-1471 for a copy of the appeal process.

Grant Contract and Distribution of Funds
Organization grantees must provide proof of 501c3 status for their organization (or fiscal sponsor) before a contract can be issued. All awarded grantees must sign an electronic contractual agreement within 30 days of notification. Grantees who are individuals must provide a completed W-9 form before a grant check can be issued. Failure to provide any required documents within the prescribed time can result in the cancellation of a grant commitment. Eighty percent (80%) of the grant award will be sent to the grantee upon receipt of the signed contract and within thirty (30) days of the project start date. The remaining twenty percent (20%) of the grant award will be sent to the applicant upon receipt and approval of the Final Report.

Interim Reports

You may be asked for an interim report if you have multiple outstanding grants from the SW MN Arts Council.

Acknowledgement of Financial Assistance

IMPORTANT: SMAC's financial assistance must be acknowledged on all publicity and promotional materials through the credit line included in your grant contract. The grant contract will direct you to the specific credit line to use and if the Legacy Logo (shown here) should be used in promotion of the project.

The “Clean Water Land and Legacy Amendment Logo Usage Guidelines” and electronic versions of the approved logo are located on the SMAC website, along with a complete listing of all credits, logos, and posters, at http://swmnarts.org/grants/legacy-logo/.

Final Report

A final report must be completed within 60 days of the project end date. The online form can be accessed within SMAC’s online grant system. The report requires information on the number of persons involved, the actual costs, and an evaluation of the project. Failure to submit a final report within 60 days of the end of the project without a prior request for an extension will result in a 20% penalty on the applicant’s next application. Grant awards may be reduced if actual expenses are significantly less than projected expenses.
